New York, March 20, 1898.

Henry Osborn, Esq.,
1309 Pine Street,
Philadelphia.

Dear Sir:

Will you kindly send me on approval the following Greek Silver coins?

- Archais stater of Aegina, Earliest period.
- Di-stater of Naxos, Lysippos Head.
- Di-obol of Aegina, in fine condition.
- Small Gold coin of Syracuse, Heracles Head.
- Di-stater of Thurium, Diator of Thurium (Lysippos.)
- Stater of Rhodes, Apollo Head facing.
- Archais Diastadrachm of Asia Minor.
- Diastadrachm of Asia Minor, 3rd Cent. B.C.
- Di- drachm of Tarentum, Early and later style.

The silver coin or coin will be sent to me in charge of American Numismatic Society, as I am there often, and I do not care to have valuable packages come to my house and be left in care of the hall-boy. If I should make a collection from any of your coins, either this consideration or another, what you sent will you direct as discount?

I want only fine specimens, as I am not making a collection for historical purposes alone, but rather for artistic ends. At the same time I have not a great deal of money to spend, and I am buying or rather negotiating in America by preference to Europe. I think our dealers ought to be able to compete with European prices as there is no duty on coins.

Very truly,
Yours truly,

Mr. William L. Belden,

Dear Sir:-

Can you supply me with Nos. 153 and 176 of the American Journal of Numismatics? I have all but these two and should like very much to have them to complete my set.

I am sending you herewith under separate cover some circulars with reference to the Zabriskie catalogue addressed to New York members and would ask that you supply the local address. If you will kindly give this your attention and see that they are mailed, I shall appreciate it very much.

Thanking you in advance for the favor,

Yours very truly,

Dear Mr. Chubb:-

In response to your request, I am enclosing, under separate cover, No. 126 of the American Journal of Mathematics, this being one of the back numbers which we withdrew at the time we took hold of the Journal, I will have to charge you the regular price -- fifty cents -- for it.

There is no No. 176, through some mistake it was left out, Vol. 24, No. 3, is No. 175, and ~~176~~ is No. 177, so the number that I am sending should explain your list.

Very truly yours

Dear Mr. Chapin:-

Our program has decided that the subject for the informal discussion will be discussed at the next meeting of the Society, which will be held on Wednesday, March 14th at 8:00 P. M., will be the colonial coins of the various New England States, and I want to advise you of your very kind promise to attend the meeting and that of course the friends, and that really is very a word of honor of you and that in informal way. This is certainly a most interesting subject, and I feel sure that we will have an interesting evening. The program at which this subject for the meeting was introduced was largely by ^{The} A conversation that I had with you last evening.

Respectfully yours,

St. Henry Chagran,
1341 Pine Street,
Philadelphia.

My dear Mr. Chagran:

I have just received your letter of March 1st, and I am certainly
glad that you are interested in the subject of the Journal. It will not expect any very
frequent meetings, I am sure, however, that you will be able to think of a few
interesting topics at times. In connection with the subject in hand, we think that these
meetings can be made very interesting if all those that are called on the
subject's order correspondence and suggestions, and we are very much
inclined.

Regarding the numbers of the Journal that you want, I have not yet
received any orders, and so, in the interim, the printing of several more, and
the printing of the Journal will be continued. The Journal is now in the hands of the
press, and will be ready for the press in a few days. I have several orders I have placed
will be in their normal condition in two or three days, and I will look up the
results as soon as I possibly can, and let you know about them.

Again, you are greatly appreciated your kind hospitality last Thursday.
I enjoyed the time spent with you and Mrs. Chagran very much, and thank you very
much for the invitation to be at home, which you will find it most pleasant to accept.

With kindest regards to you both, believe me,

Very sincerely,

Third month 22, 1912.

Mr. Bauman L. Belden,

My dear Mr. Belden:

I make the following synopsis of my exhibit at the meeting on
Saturday, March 16th.

I exhibited upwards of seventy-five (75) specimens of Massachu-
setts silver coinage, consisting of

N E Shilling,
3 Willow Tree Shillings,
Oak and Pine Tree Shillings, sixpence, threepence, twopence;

I also exhibited a unique piece for Massachusetts dated 1776,
(See description given by Howland Wood in the June 1911, Numismatist)

Remarkably fine examples of Vermont Cents, 1785, 1786
Unique unpublished Connecticut Cent 1787,
Massachusetts cents and half cents,
Connecticut Cents,
One of the Pine Tree Shillings, hitherto unpublished variety.

I presume from remarks made to me, that you did not wish any of
the coins mentioned that I exhibited, that did not relate to Massachusetts and
Connecticut. Is this sufficient information or do you wish a more detailed
information?

Very truly yours,

Henry Chapman

Dear Mr Belden,

5.19.1912

It just occurred to me to send
you advance proofs of the Decorations
in the Earle Sale which Section will be sold
June 27. That you may send them to
Mr Saltus and secure his offers on them.

The gems are the 1859 and 1860 The Cincinnati
and The Order of the Garter on the latter Mr Earle
paid \$500. I limit it to same sum - it is the only 1860 in the
sale. He has given me a reserve on.

Only a few of the plate cats left - 35 plates & cost
me \$50 a copy & for \$7.50 before sale (10 after sale)
Will be pleased to have your order for one.

Yours Truly

Dear Mr. Chapman:-

Your letter of September 19th was received a few days ago, and I am returning herewith the coin that you sent as it is of China and not of Amhar, and consequently does not interest me particularly.

I will forward you a check for the two catalogues as soon as I can get it from our Treasurer, who is now out of town. I did not receive any bill for these catalogues until after I had paid for the catalogue of the Earle sale. If I had it at the time it would have been settled up long ago.

As regards the George of the Order of the Garter from the Earle sale, do not send it over at present as Mr. Saltus is still abroad. I am hoping, however, that he will return before long, and when he does if he wants to see it I will let you know.

With kind regards, believe me,
Very truly yours,

As I must give an answer at the end of the week regarding the George of the Order of the Garter, I am taking the liberty at my expense to send it to you with the hope that you can sell it to Mr. Saltus. The price for it is \$600 which I consider very low indeed. I am at the same time billing the New Jersey decoration which I handed you at the Club the other night, so as to keep a record of it. I should like to have your answer regarding the Order of the Garter as soon as possible.

Mr. Bowman L. Belden,

Dear Mr. Belden:

I am just in receipt of a card giving notice of an exhibit of New York notes. I should like to be an exhibitor, having the finest collection of New York Colonial notes in existence. I have nine of the notes printed by Bradford in 1709, of which probably four are unknown in any other collection.

My collection of New York Bank bills is also very extensive and fine, and I think I can easily fill three or four cases. Shall I send them to you?

December 1st, 1914.

American Numismatic Society,
Gentlemen;

In my coming sale of the collections of George J. Bascom and others, I am issuing an illustrated catalogue with four photographic plates, price \$1., or the same catalogue with printed list of what each lot sells for, (issued after the sale) price \$1.50, or the price list separately at 50c.

Kindly remit with order.

The collection contains some very fine and rare Colonial coins, fine cents, U. S. silver, Carolina \$8 gold piece of which but one other example has ever been sold at auction, and the unique, hitherto unpublished pattern cent of 1792 by Birch, which is illustrated for the first time on these plates. The plates are direct photographs of the coins, showing them in their true condition and far superior to the half tone plates which simply make a pretty picture of the coin without showing dents and scratches which may be on the piece.

The catalogue will be 8vo. size and the sale will be of one day duration containing probably upwards of 700 lots.

It is my intention to hold the sale this month, but unforeseen delays may arise which will make it necessary to hold it in January. However, catalogue will be issued shortly for which I will be glad to have your order. Of course, the plain catalogue will be free.

If there are any coins which you are desirous of purchasing at the present time, my stock is very large and fine in all series and I will be glad to send them to you on approval.

Hoping to hear from you, I remain,

Very truly yours,

Mr. Bauman L. Belden,

Dear Sir;

What discount are dealers allowed on orders for copies of
THE ELECTRIC COINAGE OF LAMPSAKOS, by Miss Anna Baldwin. If I get the usu-
al 25%, please send me two copies?

I notice in the Numismatist on page 624, a list of those
who contributed anything to the Library of the Society. I have regularly sent
you my catalogues but do not see an acknowledgment of my name in the list.
May I respectfully ask the reason?

Very truly yours,

Henry Chapman

You and I should be friends.

December 15th, 1914.

Mr. Henry Chapman,
1348 Pine Street,
Philadelphia.

Dear Sir:-

Your letter of December 14th has just been received. With regard to The Electrum Coinage of Lempsoke by Miss Agnes Baldwin, our Publication Committee has decided to allow to dealers a discount of 25% on an initial order for five copies or more, and after that on any orders.

As to what you say about the list of donors to the library on page 654 of the December Numismatist, I would say that our custom always has been, where current catalogues are sent to us by the various dealers just the same as they send them to any other collector, to consider such catalogues as simply advertisements of the coming sales, and not as donations to the Society. In the case of dealers presenting us with copies of catalogues which they sell, such as plate catalogues when they are charged for and price catalogues, or old catalogues that we may need to fill up sets, these are considered as donations, and are duly acknowledged, and received as such. You will notice in looking over the list that Thomas L. Elder's name does not appear on this list, though during the period covered by the report he sent the Society catalogues of all his sales.

Very truly yours,

Secretary.

NOTICE OF REMOVAL.

Dear Sir:

Owing to the large increase in my business and an ardent wish to be enabled to serve my customers in the future even better than in the past has impelled me to enlarge my facilities and I have purchased the four-story residence No. 333 and 335 South 16th St., N. E. Cor. 16th & Pine Sts., two squares west of my old address. After nine months of rebuilding I am moving the 25th of this month into my new home, and in the new building I have three floors devoted exclusively to my Numismatic business. When all my stock is ticketed and arranged in the five large burglar-proof safes as well as some 25 cabinets, I will be able to display what I believe is the finest stock in America of Ancient and Modern Coins of the World.

Recently I added two very important collections, those of the late R. A. Bowie, about 11,000 coins of all Series, particularly rich in early French and German, and cost over \$7,000; the W. H. Perot, U. S. N., collection of about 8,000 coins in all Series in superb condition, costing over \$28,000.

My stock of Colonial and State Paper Money, 1690-1786, is unsurpassed. Also have a fine collection on sale of Confederate State Notes as well as Broken Bank Bills.

Following my custom of upwards of 42 years devoted exclusively to dealing in Coins and Paper Money, every article will be marked in plain figures, and those as low as possible—my motto being, "Quick turn over of the money at prices advantageous to the buyer." I devote all my time to my Numismatic business and have no side lines to distract my attention.

To Collectors establishing their responsibility I send liberal consignments on approval, thus enabling the intending purchaser to inspect the article at his convenience—an item of no mean importance.

Collections purchased for cash to any amount, or catalogued for sale at auction in a superior manner. I have held the two greatest sales ever made in the U. S.—M. A. Stickney collection, 1907, \$37,921, and George H. Earle, Jr., collection, 1912, \$55,800.

Expert Appraisements made for individuals, estates, executors and institutions.

A NEW MAILING LIST.

Desiring to have on my mailing list only active collectors, I am requesting you to please check off the items representing those you are interested in on the enclosed card. Please attend to it at once, and be sure you sign your name, as from these reply cards the new list will be compiled. (Last time some 25 collectors checked and returned the cards but neglected to sign their name!) Should you have sold your collection and ceased to take any interest in coins, kindly inform me on the card and return it to me.

I extend my heartfelt thanks and gratitude to all my customers, and their loyalty to me is an incentive to merit their further patronage by fair and liberal treatment; a pledge I gladly make and one it gives me great satisfaction to live up to.

Trusting to receive a favorable reply and enjoy a continuance of your valued patronage, I remain,

Very sincerely,

Dear Mr. Chapman:-

You are right regarding the suggestion that our circular might better had mention that both the volumes offered are exceptionally illustrated. We thought however that these volumes ought to be so well known to our members that a detailed description of them would be unnecessary. The Fabron volume is illustrated throughout, but not in separately numbered plates. The Catalogue of the International Exhibition is also fully illustrated, but the plates are not separated from the text and numbered. Should you desire we will send you a copy of each of these on approval. I am confident you will want to keep them.

My dear Mr. Noe;

In unpacking the books today, I find on page XVII. of the preface, (the smaller book) that the bottom of it is stained yellow about one-quarter of an inch. Showing the copy on Napoleon medals to a prospective purchaser this morning, he was disappointed with it, as it seems to embrace only medals of a special series, not all of the Napoleon medals.

Dear Mr. Chapman:-

I am enclosing a duplicate of a bill sent you under date of January 14th, 1918, - I am wondering whether this has escaped your attention. We should very much like to close this matter now.

Yours very truly,

Secretary.

Dear Mr. Chapman:-

And

I have your folder regarding the Fement Jackman sales. Kindly send to this Library as soon as possible one copy each of these sales. We want the edition with the plates plain. These I understand are bound, or as you describe it half bound, and the printed price list is to be sent after the sale. Also kindly send to me personally, as well as to Mr. Wood, plain copies of each of these sales as soon as they are ready.

Yours very truly,

Secretary.

Mr. Henry Chapman,

New York.

Dear Mr. Chapman:-

Sometime ago I ordered copies of the Bement and Jackson sales from you - bound copies with plates, price-lists to come later. I also asked that you kindly send two extra copies of the ordinary edition, one for Mr. Wood's use, the second copy for use in our Library. Up to the present writing I have received only the bound copy of the Bement catalogue, and I am somewhat at a loss to understand the delay inasmuch as the ordinary editions of both sales are already in the hands of other collectors in this city. The bound Bement catalogue did not reach us until several days after the ordinary edition had reached others. What is the explanation?

Yours truly,

Secretary.

My. Henry Chapman,

My dear Mr. Chapman:-

The rubbing enclosed in your note of the 14th is that of a coin of Tipped Hailan of Mysore (1788-1838) struck at the Patan Mint. These gold struck from similar dies both in gold and silver, the gold coins generally being known as fanams and the silver as 1/8 rupees.

Very truly yours,

Asst to the Collector.

Gentlemen,

I am in receipt of your circular illustrating the proposed medal for the Peace of Versailles. It is such an atrocious piece of work I do hope you will not issue it. If this illustration is intended to indicate the character of the work, it is crude in the extreme. The face of Peace has an agonized expression as if about to cry and I must raise my earnest protest against it.

The medal of Joan of Arc is a very beautiful and artistic production and well worthy of its subject. Had you gotten out an artistic, beautiful medal, worthy of the great subject it is intended to commemorate, I would be glad to send to everybody on my mailing list.

My Dear Sir,

I am in receipt of your letter of 17th and reply beg to say I have the package of cuttings and memorandums and some manuscript of the Carolina coinage by Dr. Hidden but from a statement made to me by his son from whom I bought them I doubt if there was any completed book. Dear Mr. Chapman:-

Thank you for your letter of the 19th. May I ask whether you would be willing to sell the package of cuttings and memorandums and the manuscript on the Carolina coinage, which you purchased from Mr. Hilden's son, at the price you paid him. I am asking this because, as you know, our Society has very scanty funds for acquiring anything of this sort. It is possible however, that if, after examination, the material seemed to be in such a condition as would warrant publication, we might make an effort to secure the necessary funds.

Dear Sir,

Please send to Dr. H. F. Seyer, c/o Baugh & Sons, Post of Morris St., Station
P, Philadelphia, one of the War medals in bronze and send the bill to me.

Cannot the Society allow a commission to a dealer like myself where we are selling
these medals direct to our customers and showing them the advertisement and thereby make
nothing on the transaction? I think a commission of 10% or 15% might be allowed & properly.

Thanking you for your attention to the matter,

Yours very truly,

Dear Sir:

In response to your letter of May 10th, I am sorry to advise that we are not in a position to send to Mrs. Starr any of the medals which she wants. These medals were all issued to members of our Society who subscribed for them before a fixed date, and after that date no further copies have been struck. This is the only way that we can get in our orders for the medals promptly. I am very sorry indeed that such is the case, but if you will refer this letter to Mrs. Starr I am sure that she will realize that no responsibility attaches to you.

If you think Mrs. Starr would consider becoming an Associate member of our Society, I should be very glad to extend an invitation that she do so. In this way she would be kept informed of issues of medals when it would be possible for them to be secured, and not be under the disadvantage of not learning of them until after the subscription had closed.

I may be in Philadelphia in a few weeks, and if I am I should like to come and talk to you about the Hidden manuscript.

Dear Mr. Chapman:

I am very sorry indeed that I must send the same response to your letter of May 17th as I sent yesterday. Our medal commemorating our entry into the War is no longer available. The only manner in which one could be secured would be through purchasing at an auction, and I doubt that this is likely to happen for some time. The issue was not large.

With regard to your enquiry concerning commission, discount of 25 per cent was allowed on the bronze Peace medals only. The number sold through dealers even under this liberal allowance was most discouraging, and almost insufficient to warrant our expecting to sell any considerable number in this fashion.

Mr. Sydney P. Nee,

Dear Sir,

I am in receipt of your several letters and regret you cannot supply the medals. Where the cost of the cutting of the die is so great and where very often people learn of a medal after the date set by the Committee as the termination of the period of subscription, it does seem to me it would be better policy to keep a few on hand to supply subsequent orders. Certainly no harm can come to any one from such a practice and I hope in the future this suggestion will meet with favor.

Henry Chapman

Mr. Henry Chapman,

Dear Mr. Chapman:-

In response to your letter of the 23rd, I feel that you still do not grasp the reason for our limiting the subscriptions to our medals. Of course, one of the primary purposes is that we may induce people to become members in order that they may secure these medals. As the subscription is limited to members, if the medal is something they can subscribe for at any time, and the subscription is not closed by a certain date, we lose all pressure upon them for sending in their orders promptly, and enabling us to contract for the medals in quantity. The point you make would be well taken if the two conditions described above did not maintain, but our experience has shown that subscriptions without such restrictions are very unsatisfactory because the return is spread over a much longer period, involving the tying up of capital in a slow moving medal.

Thank you for suggesting membership to Mrs. Starr. Will you not also do this with Dr. Geyer.

Very truly yours,

Secretary.

Mr. Henry Chapman
353 South 16th Street

Dear Henry:

Your letter of May 1st has been received. The three
coins attributed.

Of these three coins, you may not find the one of
which you speak. It is the title. The ruler's
name is 'Yuan' the Fourth. It is in all kinds of words,
one can use about any vowel that one wants in the trans-
literation as the English 'y' is not constant. It
can be spelled 'y' or 'u' or 'u' or 'u' or 'u'. The
title of one of your coins is supposed to be the sort of
coin.

Attributing the coins took a day's time and by chance
it was 12.00. I have not still 12.00 because I
wanted to let you off as reasonably as possible. I do
not see how I can reduce this as I did the way in the
English's time, and the money that came out into our
duplicate coin fund. It may be well to your to come
hereafter that I have to charge at the rate of 12.00 a
line, or is the red-empted of 12.00 on hand - and that
Oriental coins take time.

Dear Mr. Chapman:

Would there be time for you to send me for examination before you take the three Metropolitan plates, Nos. 17, 18 and 19 of our catalogue just received, as well as No. 1917? I should appreciate it if you could. If not, could you send me the descriptions of these? It is just possible that there may be something which Dr. Hewitt would care to have.

Very truly yours,
If you have any work regarding Dr. Hewitt which may not have reached me, I should be glad to have you send it on.

Dear Sir,

I am in receipt of your letter of 8th and thank you very much. I attended the funeral services for Mr. Comperette. There were about fifty people there. They had an excellent minister and everything was conducted in a very refined, nice manner.

No. 12 is certainly a gem and cost Mr. Hothers 43.2. in London many years ago and I feel confident will bring more than this to-day. Shall be very glad to have any of your tips. Shall also be glad to see Mr. Newell in attendance at the sale.

Dear Henry:-

I am returning to you by parcel post insured the coins you sent on the other day. Unfortunately there was mixing in the lot that we wanted. As a matter of fact, several of these pieces were old duplicates of coins that we sold awhile ago.

I shall have acknowledged receipt of your letter sooner but the package itself only came three or four days ago, and I was holding these coins until Mr. Howell came in as he is now the last piece on the invoice. These he has.

I am also returning the coins which Mr. Howell turned over to me to send back to you. You will note there are three of these that you did not put a price on, and Mr. Howell would like to know the amount you want for these.

Very truly yours,

Carster.

New York City.

Dear Howland,

My daughter Henrietta is thinking of being married in June and as the young man is engaged in business in your city, but a stranger there, I write to you to ask in what section of the city could they look for a desirable apartment at a reasonable figure. The young man is making \$55. a week which enters into the consideration. They were speaking of looking in the Bronx. If they did so what kind of people would they be amongst? Would you advise living in the city or out of it? They would have to be convenient as he would of necessity be in the city often at night.

I shall appreciate a reply.

Yours very truly,

March 14, 1927

Mr. Henry Chapman,
333 South 16th St.,

Dear Mr. Chapman:

You have put a hard question for me to satisfactorily answer. The better parts of the city are rather expensive to live in, but if one looks around, they can find some apartment houses where there seems a little better than the average. I have been living in the suburbs for several years, so cannot competently with the city.

Washington Heights probably offers as good a selection as any. I leave New York from 20th Street and to 7th has many favorable spots, so does the Bronx, but sixty per cent of the Bronx is Jewish. Many, if their business is rightly located, prefer Jersey or Long Island. Anywhere one uses transportation is terrible. Really, I think your daughter should look around before settling on one spot. Have the two young people any friends here of about their age? I think they could help better than I.

Dear Sir:

As it is a fixed rule regulated by the Council we cannot let you have the "West Indian Coinage" book for more than 15% discount. Again why should you sell the book at less than its regular price. We get \$5.00 retail. I see no reason why our customer should get it at \$4.50.

Mr. Henry Chapman,

Dear Mr. Chapman:

We have had an inquiry from a man who desires to purchase a decadrachm of Syracuse. In talking with Dr. Robinson, of Newport, who has recently been here, I was told that a short time ago you had sent him on approval two specimens, one of Kimon and the other of Euainetos, at \$600 each.

If you could have these sent to me on approval, it is possible that I might be able to place one of these for you. I should, of course, want you to bear the risk of their possible loss in transit through the mail. Also, please advise if you are able to shave the price quoted to Dr. Robinson.

Have you any tetradrachms of Maroneia or Thasos (bearded Dionysos, reverse kneeling Herakles) or drachms of this type.

Very truly yours,

Secretary

Dear Mr. Chapman:

Through an error I find that the copy of Belden's "Indian Peace Medals" was billed to you at three dollars instead of five dollars, as it should have been. You will recall that you asked to have this billed at wholesale rate, and you paid the wholesale price as we mistakenly billed it to you - that is three dollars. As a dealer you are entitled to fifteen per cent discount on this publication. I am, therefore, sending a corrected bill for the full price at five dollars, and another for \$4.25, and I enclose your cheque in the event that you prefer to destroy this and draw another, rather than send an additional one for the difference of \$1.25. I very much regret this error and hope it will not have caused you undue inconvenience.

Very truly yours,

Secretary.
